WHATELY

MASSACHUSETTS

For the year ending

December 31, 1970

Printed by

Metcalf Printing & Publishing Co., Inc.

Northampton, Mass.

IN MEMORIAM
EUGENE N. GRAVES
1906 - 1970

The originator and organizer of our fire department, he also acted from time to time as an assessor, tax collector, police officer, civil defense director, rendered an ambulance service, and was genuinely interested in people and town affairs. He will be greatly missed by us all.

Warrant of Annual Town Meeting

COMMONWEALTH OF MASSACHUSETTS

FRANKLIN SS.:

To either of the Constables of the Town of Whately, in the County of Franklin:

GREETINGS:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of said Town, qualified to vote in elections and in town affairs, to meet in the Town Hall in Whately on Tuesday, the sixteenth day of February next at 12:00 o'clock noon,

Then and there to bring in their votes to the election officers for:

To bring in their votes to the election officers for the following offices: Town Clerk for three years, Moderator, Treasurer, one Selectman for three years, one Assessor for three years, one School Committee for three years, two Library Trustees for three years, one Cemetery Commissioner for three years, Auditor, two Constables for three years, Elector under the Will of Oliver Smith.

The polls will be open from 12:00 noon until 7:00 P.M.

And you are directed also to notify and warn the inhabitants of the Town of Whately, qualified to vote in town affairs, to meet at the Town Hall in said Whately on **Saturday**, the **twentieth** day of February next at 1:30 o'clock in the afternoon, and then and there to act on the following articles:

ARTICLE 1. To raise and appropriate such sums of money as may be deemed necessary to defray the expenses of the town for the ensuing year.

ARTICLE 2. To see if the town will authorize the Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial years beginning January 1, 1971 and January 1, 1972, in accordance with the provisions of General Laws, Chapter 44, section 4, and to renew any note or notes as may be given for less than one year, in accordance with the provisions of General Laws, Chapter 44, section 17.

ARTICLE 3. To see if the town will authorize the Selectmen to prosecute and defend all suits that may be brought in behalf of, or against, the town, and to employ counsel for same.

ARTICLE 4. To see what the town will do with the money received from the County, called the Dog Fund.

ARTICLE 5. To see if the town will vote that the Cemetery Commissioners be authorized to act as Sextons, their compensation for cemetery work and for opening graves to be fixed by a vote of the town, or take any other action relative thereto.

ARTICLE 6. To see if the town will vote to ac-

cept any Trust Funds that may have been given to the town during 1970.

ARTICLE 7. To see if the town will vote to fix the salaries and compensation of all elective officers of the town, as provided by General Laws, Chapter 41, section 108: Moderator, Selectmen, Town Clerk, Assessors, Auditor, Treasurer, Collector of Taxes, Elector under the Will of Oliver Smith, Constables, Tree Warden and School Committee.

ARTICLE 8. To see if the town will raise and appropriate the sum of \$3,075. for the maintenance of highways under the provisions of Chapter 81, General Laws.

ARTICLE 9. To see if the town will raise and appropriate the sum of \$2,500. for the maintenance of highways, under the provisions of Chapter 90, General Laws, said money to be used in conjunction with State or County funds, or both.

ARTICLE 10. To see if the town will appropriate the sum of \$3,850. for the construction of highways, said money to be used under the provisions of Chapter 90, General Laws, in conjunction with State or County funds, or both, to be used on Chestnut Plain Road; said sum to be provided by acceptance of State bond issue funds, \$1,012.93 from Chapter 616 of the Acts of 1967, and \$2,817.92 from Chapter 768 of the Acts of 1969, with the sum of \$19,15 to be raised by taxation.

ARTICLE 11. To see if the town will authorize the selectmen to enter into agreements with the Mass. Department of Public Works and the County Commissioners for the maintenance and construction of highways during the ensuing year.

ARTICLE 12. To see if the town will raise and appropriate the sum of \$137,639.00 for the operation and maintenance of local schools during the current year.

ARTICLE 13. To see if the town will raise and appropriate the sum of \$108,308.77 for the town's share of the Capital and Operating expenses of the Frontier Regional School District during the current year.

ARTICLE 14. To see if the town will raise and appropriate the sum of \$125.00 for Memorial Day Observance to be expended under the auspices of the Selectmen.

ARTICLE 15. To see if the town will appropriate from the S. White Dickinson Library fund, this sum of \$3,400. to be used toward the costs of operation and maintenance of the library.

ARTICLE 16. To see if the town will raise and appropriate the sum of \$4,000. to continue the work of renovating the town hall, under the supervision of the renovating committee previously appointed, or take any other action relative thereto.

ARTICLE 17. To see if the town will raise and appropriate the sum of \$687.43 as the town's share of the operating costs of the Tri-Town Beach District, any money received by the District for admission charges and concession leases to be retained by the District to be used in each of the following years to reduce the annual appropriations therefor by the member towns: or take any other action relative thereto.

ARTICLE 18. To see if the town will authorize the selectmen to accept from the County of Franklin,

a sum of money for the suppressing of pests under Chapter 132, General Laws, or for Dutch Elm Disease Control, and to use such money for said purposes during the current year; or take any other action relative thereto.

ARTICLE 19. To see if the town will raise and appropriate the sum of \$34,000. to be used towards the celebration of the 200th anniversary of the incorporation of the town; \$4,000. to be raised by taxation and \$30,000. to be taken from anticipated revenue of the committee; or take any other action relative thereto.

ARTICLE 20. To see if the town will authorize that moneys taken in by the Bicentennial Celebration Committee from the sale of gifts, etc., be reserved for the use of that Committee under Article 19; or take any other action relative thereto.

ARTICLE 21. To see if the town will appropriate from the sale of Town Histories, the sum of \$2,000. to be used toward the costs of publication of said history, and that any income from sales of said history be held in a special account for future appropriations; or take any other action relative thereto.

ARTICLE 22. To hear the report of the Regional School Advisory Committee, appointed under Article 25 of the 1969 annual meeting, and to act thereon.

ARTICLE 23. To see if the town will authorize the selectmen to purchase a new highway truck, trading in the F-600 Ford truck now in use, and to appropriate from Road Machinery Earnings account the sum of \$7,700. therefor; or take any other action relative thereto.

ARTICLE 24. To see if the town will instruct the Town Hall Renovating Committee to remove the portico on the front of the town hall, or take any other action relative thereto.

ARTICLE 25. To see if the town will authorize the Frontier Regional School District to acquire by purchase, taking by eminent domain, or otherwise acquire for regional school purposes, the following described parcel of land, and to raise and appropriate, borrow, transfer from available funds, or otherwise provide any sum or sums of money for the Frontier Regional School District therefor, or pass any vote or votes relative thereto:

All that tract of parcel of land supposed to be owned by Eleanor F. Jewett situate off North Main Street in the village of South Deerfield, Town of Deerfield, which property is bounded and described as follows: Beginning at a cement bound on the easterly line of land now or formerly of the Boston and Maine Railroad and being the northwest corner of other land of the Inhabitants of Deerfield; then running North five degrees, fifty-five minutes, zero seconds East ($N.5^{\circ}55'00''$ E.) along the easterly line of said Boston and Maine Railroad, a distance of three hundred forty-nine and seventy-four one-hundredths (349.74) feet to a cement bound at land now or formerly of Harold L. White; thence running North eighty-two degree, four minutes, twenty seconds East ($N.82^{\circ}04'20''$ E.) along the southerly line of land as said White, a distance of nine hundred twenty-one and fifty one-hundredths (921.50) feet to a cement bound at land formerly of Eleanor F. Jewett, now of Michael E. Egan and Marjorie W. Egan; thence running South nine degrees, twenty-four minutes, five second East ($S.9^{\circ}24'05''$ E.) along the westerly line of said Egan's land, a distance of three hundred thirty-two and twelve one-hundredths (332.12)

feet to a cement bound at other land of the Inhabitants of Deerfield; then running South eighty-one degrees, thirty-eight minutes, forty seconds West (S.81°38'40" W.) along the northerly line of property now of the Inhabitants of Deerfield, a distance of one thousand thirteen and seventy-six one-hundredths (1013.76) feet to the cement bound marking the point of beginning. Said parcel contains 7.4559 acres of land.

Being a portion of the property conveyed by Marguerite Perron to Eleanor F. Jewett by deed dated September 15, 1954 and recorded in the Franklin County Registry of Deeds, in Book 1009, page 365. Also see deed of Dana A. Jewett et ux to Marguerite Perron dated September 15, 1954 and recorded in said Registry of Deeds in Book 1009, pages 364. For further reference see deed of Mary Huntington Thompson, Administrator with the Will Annexed of the estate of Jeannie C. Packard to Dana A. Jewett and Eleanor F. Jewett dated September 15, 1948 and recorded in said Registry of Deeds in Book 911, page 278.

For further reference said conveyance is Parcel #2 on a plan of land in South Deerfield, Massachusetts, belonging to Eleanor F. Jewett dated September 3, 1970 and prepared by Gordon E. Ainsworth & Associates, Inc., which plan is hereby recorded in said Registry of Deeds.

(The Finance Committee recommends the passage of all of the above article, except for No. 24, which is subject to personal preference, and does not recommend the passage of Article No. 25)

And you are directed to serve this warrant, by posting up attested copies thereof in two public places in said town, seven days at least before the time of holding said meeting.

Hereof fail not, and make due return of this war-

rant with your doings thereon, to the Town Clerk, at the time and place of meeting, as aforesaid.

Given under our hands and seals this second day of February in the year of our Lord one thousand nine hundred and seventy-one.

MURRAY E. LAWRENCE

WALTER R. ORLOSKI

CECIL M. DICKINSON

Town Clerk

Selectmen's Report

To the Citizens of Whately :

In accordance with the provisions of law, we herewith submit our report for the year 1970 :

This has been a year of unusual activity on the part of this Board. With the release of Chapter 90 Construction funds in late 1969, the installation of drainage on south Chestnut Plain Road proceeded and a great deal has been accomplished here. It is intended to place the permanent surface on a section of this road prior to our Bicentennial celebration in June, and we do not expect to have any of this road torn up at the time of the celebration. Work will continue on this project under the 1970 and 1971 contracts as rapidly as possible.

In the area of highway maintenance, a considerable amount of surface treatment has been accomplished where such work had been neglected in the past due to lack of funds. Drainage and surface treatment on Laurel Mountain Road was completed, after being in progress over a three-year period. This road is in good condition as far as homes are built. Dickinson Hill Road has been surface-treated to the Nelson (former Allis) homes, several sections having been incompletely treated and washed out in the past. Work on the cross-road from Dickinson Hill to Haydenville Road (sometimes known as Masterson Road), may be required due to contemplated home construction in that vicinity.

With the cooperation of the contractor for the Northampton Water Dept. dam construction, who required a

stronger structure at this point, we rebuilt the Conway Road bridge at the former Lawrence residence, at a minimum cost to the town. Steel beams, concrete, steel decking and a large amount of labor, equipment and materials were furnished by the contractor. This structure is now good for many years of use with very little maintenance. The re-located Conway Road around the new dam-site will be given full surface treatment by the contractor when the weather allows.

Bridges in Williamsburg Road have been neglected for some years, and have been found in bad condition. Materials are on hand for one of these, and two others will receive attention immediately. The bridge near the Baronas place on Deerfield Road was damaged by a collision during the summer. Negotiations have been in progress with the insurance company and a settlement was reached in January 1971. Repairs will be made as soon as possible. The bridge on North Street near the Baldwin place is in good shape, the railing having been repaired and replaced following the fatal accident there. This bridge, while narrow, is in safe condition and no plans are being made for any changes at this time.

Perambulation of the town lines with selectmen of adjoining towns is incomplete due to early storms, but will be continued in the spring.

Extra snow-plowing has been thrust upon us due to the completion of the Route 116 by-pass. We must now plow the abandoned sections of the old Route 5-10, from the Deerfield town line to the Beach District gate, as well as the short section past Morandi's garage to Pielocks, the State now refusing to do these sections.

We have been ordered by the State and Environmental authorities to discontinue burning at the town dump, and to plan for a land-fill disposal area in the near future. This burning is difficult to control and we will appreciate the cooperation of our citizens to the effort. We do not want

to close the dump, nor do we wish to put in a caretaker, but that may be necessary to comply with our orders. Our lease on this property has expired and we have been unable to get any answer from the owner despite several letters to her last known address. Until we can establish another site, we will continue to use this location. We have been in consultation with Hatfield, Williamsburg and other towns regarding the possibility of a regional waste disposal, but this is still in the discussion stage.

We have purchased a new snow-plow for the new Ford Truck, and we feel well equipped for snow removal at this time. We contemplate trading in the older Ford in 1971 for a heavier truck on the order of the newer Ford, and an article for this purchase is in the warrant. This will be paid for from Road Machinery earnings without taxation.

A police radio system is being developed in cooperation with the County and other towns, on the order of the Fire Mutual Aid System. This should be helpful in case of emergency.

We have contacted the owner of the old barns on the Wells Smith place on Long Plain Road, with the hope of having them demolished, but have had no indication of cooperation as yet.

Surface treatment of a portion of the town garage area has been done in cooperation with the Bicentennial committee, who plan to use much of the garage area during the celebration for various events. We expect to make as much of the town's property available to them as is possible.

The fire siren has been removed from the Graves property to the fire station lot, and is in operation there. The project is not complete, however, as the telephone equipment necessary to allow siren operation from the various "red phones" has been delayed in arriving. We expect installation shortly.

We appreciate the continued cooperation of all departments with your Board during the year, and thank all who have helped during a difficult period.

Respectfully submitted,

MURRAY E. LAWRENCE, Chairman

WALTER R. ORLOSKI

CECIL M. DICKINSON

Selectmen

RECORD OF SPECIAL TOWN MEETING

At a Special Town Meeting on July 8, 1970, it was voted to appropriate the sum of \$6,000. for the publishing of an up-dated history of the town, now being compiled by the Whately Historical Society, and that the whole sum be transferred from available unappropriated funds in the treasury. Any income from the sales of the history to be held in a special account, and be available for any additional costs or expense involved.

Voted unanimously.

Report of Finance Committee

The following recommendations are made for appropriations for 1971 :

Board of Health	\$ 700.00
Cemeteries	1,700.00
Cemeteries - Opening Graves	100.00
Civil Defense	None
Conservation Commission Expense	200.00
Contingent a/c	600.00
Fire Department	5,000.00
Tree Department	1,900.00
Dutch Elm Disease Control	1,400.00
Inspection of Animals	100.00
Highways, Chapter 81	3,075.00
Highways, Chapter 90 Maintenance	2,500.00
Highways, Chapter 90 Construction	3,850.00*
Highways, Winter Roads	8,000.00
Bridges and Culverts	1,500.00
Garage Maintenance	700.00
Fence Post Materials	200.00
Road Machinery a/c	4,500.00**
Highway Employees Vacation	384.00
Insurance	5,000.00
Official Bonds	390.00
Interest	3,000.00
Library	3,000.00
Public Health Nursing	1,850.00
Recreation	350.00
Memorial Day Observance	125.00
Planning Board Expense	300.00
Schools	137,639.00

Regional School	108,308.77
School Lunch Program	3,300.00
Street Lights	1,000.00
Town Hall Maintenance	1,000.00
Town Hall Renovation	4,000.00
Town Officers	6,800.00
Town Officers Expense	1,600.00
Town Reports	800.00
Veterans' Benefits	500.00
Tri-Town Beach District	687.43
Bi-Centennial Celebration	4,000.00
Maturing Loans	4,500.00
Veterans' Service Center	150.00
County Retirement System	3,722.80
Reserve Fund	5,000.00***
New Highway Truck	7,700.00**
	\$341,132.00

*This item will be offset by State Bond issue funds of \$3,830.85.

**Of this amount \$2,500 should be taken from Road Machinery earnings, and the total amount of \$7,700. for the truck will come from earnings.

***This sum will come from Overlay Surplus.

At the hearing held by the Finance Committee on January 15th, 1971, the school committee brought in a budget of \$140,930., which was an increase of \$19,096., from their 1970 budget. Your Finance Committee scanned these figures closely and suggested several areas where it felt some reductions could be made, and requested the school committee to try to put some of these suggestions into effect. They complied and came back with a net reduction of \$3,291., which they hope will carry them through the year. The Finance Committee will support

their request if they have to come back before the end of the year for more money.

The Assessors, while still advocating "tax maps", voluntarily agreed to defer any request for funds for this purpose for this year.

The Selectmen are requesting that the F-600 Ford truck be traded in and that a larger truck on the order of the F-750 be purchased. Since the Road Machinery earnings have been built up sufficiently to entirely pay for this, it is recommended.

The Bicentennial committee is asking for a substantial appropriation for financing the celebration thi syear. They ask for \$4,000., from taxation and that their accrued and current income from sale of coins, pottery and souvenirs be made available for their use to fulfill their financial needs. Since this is a once-in-a-century affair, we feel this must be carried out.

Since available funds (free cash) is down to less than \$25,000., it would seem inadvisable to use any of this to reduce the 1971 tax rate. Outside of the School budget there are very few increases in the recommendations for appropriations. There is, however, no offsetting State grant for Chapter 81 and Chapter 90 Maintenance which we had last year. We do have State bond funds to almost fully offset the Chapter 90 Construction appropriation.

As we have no idea of what the "Cherry Sheet" will show we can only say that a very substantial increase in the tax rate cannot be avoided.

No requests for town officers salaries have been made, and we are recommending the same amounts ,as follows:

Moderator	\$	25.00
Selectmen, Chairman		350.00
2 members @ \$200.		400.00
Auditor		100.00
Treasurer		750.00

Tax Collector	1,200.00
Assessors, Chairman	450.00
2 members @ \$400.	800.00
Assessor's Clerk	400.00
Town Clerk	250.00
Registrars, 3 @ \$25.00	75.00
Registrar's Clerk	50.00

Appointed :

Police & Constables	450.00 estimate @ \$2.50 hr.
Elector under Smith Will	10.00
Secretary to Selectmen	400.00
Town Counsel	275.00 estimate
Assistant Registrar	100.00 estimate
Election Officers	200.00 estimate @ \$2.50 hr.
Dog Officer	150.00
Fire Chief	200.00

Auditor's Report

To the Citizens of Whately:

On January 19, 1971 I completed my eighteenth audit of the Treasurer's and Tax Collector's accounts and records for the year 1970.

These accounts, in each case are accurate and up to date.

The Corporation Bonds in the safe deposit vault at the First National Bank of Northampton have been examined as to number and value. A detailed listing appears elsewhere in this report.

Savings bank deposits have been checked in detail. All transactions were verified and found accurate.

Actual count of cash on hand and verification of the bank balance revealed that the Treasurer had on hand and due to the Town of Whately \$77,219.93 on December 31, 1970.

The full cooperation of the officers involved during this audit was appreciated.

Respectfully submitted,

MORRIS R. DWIGHT

Auditor

Report of Public Health Nursing Committee—1970

To the Citizens of Whately:

I wish to submit my second annual report as Public Health Nurse for the Town of Whately for the year ending December 31, 1970.

There is no set of rules that can guarantee good health for everyone. The best way to increase our chances of enjoying good physical and mental health for a lifetime is to establish and practice health and safety habits that keep us at our best most of the time.

Home nursing visits for our agency have decreased quite noticeably this year. Medicare's ever increasing eligibility standards, decreases patient's chances for procuring our care with medicare reimbursement. Our home nursing fee is now \$4.00 per visit. If a patient is unable to pay this amount, adjustments can be made. I am pleased to report at this time that our agency is now approved to receive re-imbursement from the State Welfare Department for visits to our patients on welfare assistance.

Communicable diseases have been at a minimum in the town.

Children were selected from each town to attend the Greenfield Summer Camp for a period of four weeks. This proved a most satisfying experience for those selected.

Various educational meetings and regular home care and agency meetings were attended.

SUMMARY:

HOME VISITS — 15

INCOME — \$124.62

MILEAGE AND SUPPLIES — \$71.31

I wish to thank all for their interest and co-operation in our program.

Respectfully submitted,

LORRAINE STRIPPE, R.N.

Public Health Nurse

Report of Public Health Nursing Committee

To the Citizens of Whately:

The Public Health Nursing Advisory Committee of Ashfield, Conway, Sunderland and Whately held two regular meetings with the Public Health Nurse, Mrs. Lorraine Strippe.

The Committee is comprised of three members from each town.

In April the meeting was held in Whately with nine members and Mrs. Strippe present. Mrs. Eleanor Kennedy of Whately and Mr. Roger Clapp of Conway were welcomed as new members. They filled the vacancies made by the resignations of Mrs. Blanche Parzick and Mr. Fred Chadwick.

The officers of 1969 were reelected for 1970; Mrs. Grace Baker, chairman; Mrs. Arlene Parker vice-chairman; and Mrs. Helen Ranney, secretary.

It was voted to raise the service fee to \$4.00 per visit by the Public Health Nurse.

In November the meeting was held in Sunderland with seven members and Mrs. Strippe present. Mrs. Marion Hubbard of Sunderland was welcomed as a new member filling the vacancy made by Mrs. Ruth Warner's resignation.

It was unanimously voted to propose the salary

of the Public Health Nurse to be raised to \$5,800 per year.

The Public Health Nurse has a double purpose program for these communities, (1) Care of the persons needing her qualified nursing care, and (2) School Nurse.

We are very grateful to Mrs. Strippe for the efficient, conscientious manner in which she has carried out her duties as Public Health Nurse for these Communities.

During her vacation and sick days Mrs. Jovita Hart substituted.

In case of an emergency if one is unable to locate the Nurse at the Sunderland Town Hall call one of the members of the Committee and he or she will help you locate her.

Members of the committee from Whately are: Mrs. Elizabeth Orloski, Mrs. Eleanor Kennedy, and Mrs. Grace Baker.

Respectfully submitted,

GRACE E. BAKER, Chairman

Report of Fire Chief

Board of Selectmen

Whately, Massachusetts

Gentlemen :

I herewith submit my report as Fire Chief for the Town of Whately. This year there were 28 calls, 11 fewer than 1969. This year there were two serious fires, a house owned by Sidney Lawrence and the Livestock

Auction Barn. The calls were as follows :

Building	4
Mutual Aid	3
Brush and Grass	11
Dump	1
Tobacco and tent	2
Vehicles	3
Halloween	1 (4)
July 4	1 (4)
Snowmobile	1
No Fire	1

During the past two years we have been gradually replacing old equipment with new equipment in order to keep up to date with the more modern equipment and fire fighting techniques.

In 1970 we took the first steps towards instituting a fire prevention program. Next year we hope to extend our efforts in this area.

There were 23 emergency calls, one more than last year.

The Whately Fire Department is ready and certainly willing to aid in any emergency. When needing the help of the Fire Department (or emergency ambulance service) dial 665-2167. Calling this number will avoid any unnecessary delay in receiving assistance. Be sure to give your name and the correct location of the fire or emergency situation.

I want to thank all those who have assisted the department in any way.

Respectfully,

NORMAN E. GRAVES,

Chief, Whately Fire Department

Report of Tree Warden and Moth Superintendent

To the Citizens of Whately:

This year as in past years, tree work in the Town of Whately remains the same, planting, pruning, cutting, and removal. One would expect to catch up with all the work involved, but this is not so, as long as there are trees, there will be tree work.

Many of our trees are of the age where more attention such as pruning is needed as well as those that are unsafe and need to be cut down and removed. Three large maples two on River Road and one on North Street, as well as several other trees throughout town were cut down, including a large oak on Haydenville Road. All elms that were tagged in 1969 have been cut and removed to the town dump. Some were burned on the spot.

However, 28 Elms have been tagged in 1970, all proven to have Dutch Elm Disease. Five have been cut and three that have been too far gone to be tagged were also cut leaving 23 to be cut in 1971. The Dept. of Natural Resources have assisted in topping and cutting some of the larger trees. Tree climbers come high and are not always easy to get therefore pruning was limited and more pruning is necessary. Thirty-nine maples were planted this year.

Respectfully submitted,

MICHAEL FARRICK

Tree Warden & Moth Superintendent

Report of Town Hall Renovation Committee

To the Citizens of Whately:

Much progress has been made in the renovation work, although as usual there have been many delays in getting the various stages of the work accomplished.

It was decided by your committee that the auditorium should be insulated, so the metal sheathing was removed, disclosing that the metal was nailed directly to the studs with absolutely nothing between the metal and the outer walls. This space has been fully insulated, including the ceiling which was entirely open to the blind attic and "dry-wall" gypsum board was installed under a contract which included the painting of the ceiling.

It was determined after investigation of other methods of heating that electric heating would be the most suitable medium since the infrequent use of the room would allow the heat to be shut off the greater part of the time and "quick-recovery" heaters can be quickly energized when required. The large wood stove and the smaller one on the stage have been removed, eliminating the serious fire hazard from the badly burned-out linings and grates which had become a problem. The installation of the electric heating necessitated a new power entrance from the street, which was included in the heating contract.

Painting of the stage, including removal of the old curtains and fixtures, has been done and we expect painting of the auditorium, as well as the hall-

ways, will be completed prior to town meeting. New lighting fixtures, in keeping with the Colonial character of the building, made by George Duensser of Goshen, have been purchased and will be installed upon completion of the painting. Two outside post-lights were also included in the purchase and their lighting during the hours of darkness has been favorably commented upon.

The stairway and halls were also insulated and wall-boarded, and the same wainscoating of cedar board as used in the lower hallway was installed. A new larger front door with "panic hardware" was placed in accordance with State safety requirements.

The selectmen's office was improved by a new entrance door, new fluorescent lights and a paint job. A carpet has also been laid to help insulate the floor which has been a source of many cold feet. Drapes are to be placed at the windows.

It should be noted that the total cost of the work up to Dec. 31, 1970 has been about \$19,000. and we anticipate that about \$5,000 to \$6,000 more will be required to complete the planned work, of which \$4,000 is requested in this year's budget. This against an estimate of a possible \$40,000 to \$50,000 cost when the project was authorized.

The rear exit should be replaced and panic hardware installed, and the former toilet space converted to storage. Painting of the front of the building should also be done before the Bicentennial celebration.

SABIN P. FILIPKOWSKI
PAUL F. FIELD
WALTER R. ORLOSKI
FRED W. BARDWELL
RALPH K. FARRICK

Committee

Report of the Inspector of Slaughtering

Board of Selectmen

Whately, Mass.

Gentlemen :

I hereby submit my annual report as Inspector of Slaughtering for the Town of Whately for the year 1970. I inspected and passed six hogs, none were rejected. I inspected and passed three beef animals, none were rejected.

I collected a total of nine dollars for my services. I traveled a total of forty miles.

As of December 1, 1970, the Mass. Dept. of Public Health assumed the inspection of all meat to be consumed by humans. This eliminates the need for a local inspector. Persons desiring to slaughter their own animals will have to contact the Dept. of Public Health in Amherst in order to make the necessary arrangements to have an animal inspected.

I wish to thank the Board of Selectmen and the Citizens of Whately for the opportunity to serve the past few years as Inspector of Slaughtering.

Respectfully submitted,

RICHARD S. HANNUM

Inspector of Slaughtering

Report of the Inspector of Animals

To the Board of Selectmen :

Gentlemen —

The annual inspection of barns has been completed with the following results :

Twenty (20) barns housed the following :

312 head of cattle

31 horses

15 ponies

8 sheep

18 swine

All dairy and beef herds have been tuberculin and brucellosis tested under state supervision and all female calves 4-8 months have been vaccinated.

The barns were in satisfactory condition and all cattle appeared to be free of contagious disease.

Two cases of dog bite were reported to me during the year. The dogs in question were quarantined for the required 14 days on the premises of the owner. During the quarantine time the dogs showed no signs of rabies so were released.

Respectfully submitted,

MICHAEL PASIECNIK

Inspector of Animals

Report of Library Trustees

To the Citizens of Whately:

Outside of having some trouble from a frozen roof down-spout, we have had no water troubles this year. We anticipate the need of some exterior painting in 1971, especially the wood trim. It is hoped that some interior painting can also be done.

We have had some heating problems and due to the age of the oil burner we expect we will have to replace this unit before another winter.

We have been promised an increase in our State Aid to Libraries from \$500. to 1,000.00 and if part of this is received before town meeting it will allow reduction of our town appropriation by \$500., and this is anticipated in preparing our budget as submitted to the Finance Committee. We have increased our Trust Fund income by nearly \$200. due to higher savings bank rates, and reinvestments of matured bonds.

We owe thanks to the Maiewski family for a gift of \$1,000.00 in memory of their parents Joseph and Josie Maiewski, the income to be used for purchase of books. This increases our book-purchasing power by \$60.00 per year. A special book plate will be placed in books bought from this fund.

Again thanks to all citizens and readers for their continued support.

Respectfully submitted,
SABIN P. FILIJKOWSKI, Chairman

LIBRARY YEAR 1970

FIGURES

Library circulation for 1970 stayed close to the 1969 figure of 46,992 with 46,828. Bookmobile circulation was down 3,208 from last year due to a series of misfortunes that kept the bookmobile off the road during much of the year.

USE

Borrower's trends continue to show a preference for fiction and periodicals among adults, with best sellers, historical novels, and Gothic romances in the lead. In non-fiction, world events, natural history, handicrafts and cookery, and do-it-yourself guides to furniture refinishing, and remodeling, had the edge. New this year and much appreciated is the posting of the New York Times Best Seller List on the bulletin board behind the desk in the main reading room.

Students in elementary, junior high, and high schools continue to use the library with skill, whether it be reference tools or the collection's resources. Whately's reference section is among the best in the area for towns of comparable size. Through the "Reader's Guide to Periodical Literature" students are free to keep abreast of the latest developments in the spectrum of today's world. Whately subscribes to or receives as gifts a total of 71 periodicals. Mrs. Violet Durgin, Reference Librarian of the Western Regional Public Library System again demonstrated the town's good fortune in having access to special subject collections among the college libraries in the area or anywhere across the United States, through her. She tracked down information needed for a fifth grader who was writing a paper on Chinese music as thoroughly as for a high school senior doing a study on satinet factories in New England in the 19th century.

Paul Field's generosity over the past year as in years gone by has resulted in a magnificently complete collection in natural history, ethnology, geology, archaeology and anthropology. This has been a boon to students of these subjects or in fringe areas of them. His gifts of recordings have delighted the rock fans and helped the music students in the wide range of their selections.

EVENTS

In June luxurious wall-to-wall carpeting was laid in the main reading room, the Children's room and the Librarian's office. It transformed the Library, causing visitors to exclaim in admiration and surprise that so small a town as Whately could afford so beautiful a library.

Problems with water leaks continue to beset the building but are gradually being corrected by chair-

man of the Board of Trustee, Sabin Filipkowski, Trustee Paul Field, and custodian Peter Orloski.

A new typewriter replaced the elderly one in the Library office, with all the symbols necessary for typing catalog cards, and a type face large enough to make the classification numbers on book spines very much more legible. The change has been noticeable to both students and librarian. Brighter lights were put in the stacks, enabling students to find the books they seek without the eyestrain caused by dimness.

Whately's 17th annual Christmas Book Fair provided a pre-anniversary testing ground for the commemorative medals, costumes, pottery, tiles, and tumblers which will be sold for the Bicentennial celebration.

Dècor under art supervisor's Ingrid Apgar's direction was the work of East Whately's Grammar School. Crayon studies of an earlier Whately received praise, but the hangings showing two aerial views of the town called forth the most interest.

Two items on sale at the Fair were for earning money to buy draperies for the Children's Room, bird feeder stations made by Sabin Filipkowski, and Italian needlepoint doorstops made by trustee Herbert Steeper and his wife.

Crowds thronged the Fair throughout the day with many visitors to the Historical Room, interested in seeing the pottery written up by Alice Scott Ross in that morning's paper.

Success of the Book Fair is once again indebted to Kathryn Davidson for the still life painting she donated, to Mrs. Constance Futter for the basket full of brushes to meet any need, which she gave, and to Gordon Daniels for his exhibition of photographs.

In the spring there was an exhibit of stories and shells by Mrs. Filipkowski's 2nd grade pupils in the Children's Room which attracted much interest.

Summer Story Hours were well attended by younger Whatelyans and owed their popularity to story-tellers Mrs. Jean Siano, Mrs. Jan Roberge, and Mrs. Adelia Bardwell . . . and to the cookies made by their Mothers.

Peter Orloski painted the display stand on the front lawn improving the appearance of it immeasurably.

Sabin Filipkowski and his son completed a massive job of shrubbery trimming and cutting back of the forsythia jungle at each corner of the building.

WHATELY'S HISTORICAL COLLECTION

As the town's 200th anniversary nears, interest in Whately's pottery and Historical collection grows. Many out of town visitors come to see them and a number of townspeople who have not seen the collection previously, are visiting it now. The generosity of numerous donors has enlarged it over the past year.

Trustee Herbert Steeper contributed a rug to the Historical Room which improved its appearance. Mrs. Goldie Swift, formerly of this town gave a milk pan and molasses jug made by Thomas Crafts, Master potter of Whately. Leon Morton donated a sample of the sienna or umber that was once mined from a shallow bed on Straits Road and sold to those who wanted a durable paint. Although primarily a pigment used in painting murals; mixed with buttermilk or linseed oil and used on a building it would last more than half a century and not need renewing. Elliott Barker, Jr., custom-styled a mahogany chest for the Town Records that gives them the archival dignity they deserve. William Hubbard of Sunderland gave the Historical Collection the account book of Dr. Myron

Harwood, Whately physician from 1830-1877. Mrs. Myrtle Finn of Northampton wave an autograph album dating from 1884 with many Whately signatures and notes in it. Mrs. Muriel Barker presented the collection with a copy of the Winter, 1970 edition of "Old Time New England" which contained an article with illustrations on Martin Crafts, potter, in Maine. He was the eldest son of Thomas Crafts and started Maine on the manufacture of salt-glazed ware.

GIFTS

The Library continues to be blessed with the generosity and help of many. More than thanks are due Paul Field for his many gifts of books, phonograph records, and periodicals, besides his help in any library crisis, and his handling of Book Fair funds. We are grateful to the Elliott Barkers for periodicals and all the special work they bestow on the Library, to Herbert Steeper for books on politics and government and for his help whenever needed, to Ernest Belanger for answering every furnace emergency call and taking care of it, and for the periodical, Alaska, to Sabin Filipkowski for solving so many of the building's problems, shaving doors, finding wood, getting carpets laid, to Merit White for books and periodicals, to Mrs. Jean Olanyk for the Japanese doll and toys she gave the Children's Room, to Linda Walker for the complete set of Tarzan books, to Anne Morton for periodicals, and to Mrs. Freugard Fredervise for books and gifts to the Book Fair, and to all the members of the Book Fair Committees who work insured the Fair's success and the Library patrons who baked for it.

Finally, the Librarian counts herself fortunate in working with books in so beautiful a town and building, with the informed assistance of Mrs. Marion Carter, and the care given by Peter Orloski, and with so active and dedicated a board of trustees.

Respectfully submitted,

ENA M. CANE, Librarian

Report of 200th Anniversary Committee

This is the year that we have been looking forward to . . . a year that will be long remembered. It is our hope and wish that everyone in town will be involved in some way. We have many events planned, which will be hopefully of interest to everyone.

Our committees are meeting great success thus far. The Commemorative Coin is selling very well. If sales continue at the present pace, all of the sterling coins will be sold before June 1. We expect that some bronze coins will be left for the big week.

The reproduction of the Whately pottery and its sale is perhaps one of the most unusual attractions of our celebration. The sales have been tremendous and will return a good sum for the treasury.

The Souvenir Committee has made a very good selection in the glass. Many of the first order have been sold, and we expect to re-order.

Some of the events planned will make money and others will cost money. As taxpayers we keep reminding ourselves that this celebration should not exceed \$10,000.00 from taxation. Elsewhere in this report you will see that our income for 1970 was larger than our expenses. Our earnings are working for us in a savings account and will be transferred to the checking account as the need arises.

This committee is taking all precautionary steps to insure the town against law suits, etc. The Town Council has been a great help to us in this matter.

The Town History is almost ready for publication. This will help to unite us. Many of our names will be in print. We will be able to find out our ages. We can see how our ancestors had to struggle. They were proud of Whately and have left us a heritage that is instilled so deep into the hills and rocks that no man can destroy it. It only they could talk, think of what we could learn. The trees grow tall and fall in time, but our hills are sturdy and strong, ready to serve and tell another generation why Whately should be proud.

There will be many things told during this anniversary that will be of interest to you. Will our Whately family from England be here with us? Who will be our Princess and her Court?

The next four months will be full of meetings and planning by many people. There are still some committees to be appointed. Anyone who is willing to volunteer to help or has any suggestions for us, please contact some member of the committee.

We have done our best to arrange for a celebration worthy of our 200th Anniversary. The success of it will depend upon you, your neighbors, relatives, and friends. Invite them now. June will be here before we know it. We will be seeing you at all the events during this celebration.

Report of

Tri-Town Beach District

The Tri-Town Beach District, serving the Towns of Deerfield and Whately, officially dove into business on June 20th, 1970. The swimmers, bathers, sun worshippers and fun seekers averaged 250 persons per day throughout the official season which ended on September 7, 1970. During this period, the beach area was regularly manned by qualified life guard personnel.

Prior to the grand opening, your commissioners held many meetings with architects, contractors, sub contractors, legal counsel and various firms and individuals involved in the construction of the physical plant and facilities comprising the District. Bidding and publicizing the same, prior to awarding the contracts, consumed considerable time during the winter months. The actual construction and site work began immediately after the snow cover disappeared from the ground.

A frame beach house approximately 20 feet by 40 feet was completed during the year, containing two dressing rooms, and separate toilet and washing facilities for both men and women. The exterior of the beach house was covered with rustic boards removed from the tobacco barn which was standing on the premises at the time of purchase. It is contemplated that the roof of the barn will be lowered, thus provid-

ing an open air pavillion to accommodate functions of both a social and civic nature.

The beach was constructed comprising some 500' of exposed finely granulated sand on the south and west sides of the pond. Marker floats were installed in the water to establish safe zones to relate to swimmer ability. A parking lot south of the pond was completed to accommodate approximately 50 vehicles. An adequate septic system was installed and approved by the Department of Public Health of the Commonwealth.

Swimming lessons were regularly scheduled throughout the season under the direction of a qualified instructor, who led classes for 170 children on a regular basis. Fulltime life guards were on duty for the protection of the residents, along with a fulltime caretaker who oversaw the general operation, and maintained the order and cleanliness of the area.

The pond was initially stocked by Mr. Crafts with bass and other species of fish to aid purification of the water and further provided fishing in certain areas of the pond. Water tests were taken weekly in accordance with the State code to assure the purity of the water area.

The Commissioners schedule for future improvements for 1971 include the following proposed projects:

1. Regrading and surfacing of the access road to the area.
2. Extension of the beach area to the east.
3. General landscaping and beautification, including the planting of trees and shrubs.
4. Enlargment of the existing parking lot.

5. Construction of Little League Field on the premises. An initial contribution to provide for the project has been made by the John E. Cain Company.
6. Construction of fire places for designated picnic areas.

Further, the commissioners have been attempting to schedule the official dedication of the Beach District during the Whately Bicentennial in the summer of 1971.

The Commissioners wish to acknowledge with sincere gratitude gifts donated by friends and citizens consisting of money, time, labor, services and much needed and solicited technical and general advice by most qualified people.

(secondary school).

GENERAL POLICY CONCERNING “NO SCHOOL”

It will be the policy to close school only in cases of extreme weather conditions. When schools are open on stormy days, parents are urged to exercise their personal judgment as to the wisdom of sending their children to school. If it is necessary to close school, notification will be broadcast over Radio Station WHAI Greenfield; WHMP Northampton. WHYN Springfield, and WTTT Amherst.

CENSUS

All citizens are urged to cooperate with the school department (through the local school census enumerator, listed under staff in this report, or through the superintendent's office) in providing information necessary to formulate a count of minors whose parents reside in the town on October 1 of each year — including pre-school and school-attending children (exclusive of college). Parents of children attending schools outside the jurisdiction of town and Frontier School committees are especially asked to contact the school department with this information. These figures are very important; they actually form the basis for state aid to the town.

SCHOOL CALENDAR

September 1970 - June 1971

1970:

September 9 — Schools reopen

October 12 — Close, Columbus Day

October 26 — Close, Teachers' Convention

November 11 — Close, Veterans' Day

November 25 — Close 12:15, Thanksgiving recess

November 30 — Reopen

December 23 — Close, Christmas recess

1971:

January 4 — Reopen

February 15 — Close Winter recess

February 22 — Reopen

April 9 — Close, Good Friday

April 19 — Close, Spring recess

April 26 — Reopen

May 31 — Close, Memorial Day

June 28 — Close, May close at noon — Summer recess

Report of Superintendent of Schools

Mr. Walter Chutkoski, Chairman
Whately School Committee
Whately, Massachusetts

Dear Mr. Chutkoski:

I am pleased to submit to you my twelfth report as Superintendent of Schools Union #38.

CURRICULUM

Union-wide workshops have been continued during the past year at which various programs in reading, social studies and science have been presented to the teaching staff. Basic outlines have been prepared by teacher groups in the various subject areas and grade placement to provide a guide for better coordination among the various schools within the Union as well as articulation with the Regional High School. We are presently using the phonetic program supplied by the Economy Company to implement our reading. In the near future, we must re-evaluate newer science programs in order to update our present one.

Grades one to three have been using the social studies program developed by Silver Burdett Company and previously recommended by the Social Studies Committee. This year it has been anticipated that the Social Studies Committee would develop a guide for grades 4 through 6 continuing the program previously

adopted. Unfortunately this company has delayed their publication schedule for the middle grades. As a result, our Social Studies Committee, Mrs. Barbara Bennett and Mrs. Gayle Verock chose to adapt materials from the Greater Cleveland Program into teaching units for two pilot programs for the sixth grades in Deerfield and Whately. The future concern of this Committee will be to review their pilot program and the new revision made in this program by Allyn and Bacon to determine the adoption of a permanent program for grades four through six.

The elementary instrumental music program has been continued with enrollments as follows:

Conway	15
Deerfield	11
So. Deerfield	23
Sunderland	18
Whately	6
Total	73

It has been possible to find a part-time instructor who teaches physical education for two days each week in the Whately schools.

The recent purchase of a television set by the Parent Teachers' Association has made it possible to supplement classroom instruction with education television. It is recommended that a similar purchase be made and installed in the Center School.

SPECIAL EDUCATION

We have continued to send elementary pupils requiring special education in grades kindergarten to the sixth grade to either Greenfield, Hadley or Shelburne Buckland Regional. At the present time, we have an agreement with Hadley so that they take our

pupils (enrollment permitting) and we, in turn, will take upper grade pupils from them into our class at the Frontier Regional (enrollment permitting). The towns involved pay for the tuition and transportation.

This area of pupil education was implemented by the employment of Mrs. Anne Tilley as guidance adjustment counselor. Mrs. Tilley worked with pupils who needed special attention in order to better adjust to the normal classroom situation. As a part of her assignment, she conducted liaison work between the school and home.

Mrs. Tilley, under the direction of the Superintendent of Schools, Mr. Tracy Baldrate and Miss Katherine Fitzgerald from the Department of Education, prepared Title VI-A Project under P.L. 89-10 as amended, for a speech and hearing therapist in the Union schools. Early in September this project was approved for the sum of \$3440., the funds to be used in part for teacher's salary, equipment and transportation. Mrs. Phyllis Brown was appointed to the position as speech and hearing therapist and began her new position in September 1970.

We will continue to use the services of the Franklin County Supplementary Education Center (Project "GRACIE") as federal financial support was continued along with financial support from each of the communities. Services rendered by this agency are summarized as follows:

	Students	Hours
Conway	12	300
Deerfield	3	1420
Sunderland	3	130
Whately	5	150
Total	23	2000

SPACE

At present, our specialists, speech therapist and adjustment guidance counselor are using inadequate facilities. This type of instruction is being held in the basement of both the Center and East Whately schools. A continuing committee must be formed to develop a long range planning program, not only for the Town of Whately, but for cooperative action on a regional basis within this area. Additions in migration could cause us to have crowded classrooms.

STAFF

There were only two resignations from the teaching staff during the past year, namely — Mrs. Diana Pavo, Grade I and Miss Jayne Adams, grade three. The following appointments were made: Mrs. Martha Swift, a graduate of Anna Maria College with four years of experience was assigned to grade one at the Center School. Miss Patricia Scott, a recent graduate of Lyndon State College was assigned to grade three at the East School. Also, Mr. Graham Ward, a graduate student with prior teaching experience in New Zealand, was appointed a part time physical education teacher. In addition, the Parent Teachers' Association has provided a volunteer teacher aide program. Present members are Catherine Fleurial, Mrs. Jane Grybko, Mrs. Sue Nelson and Mrs. John Siano.

A program of new teacher orientation was initiated this year. New teachers reported to school for two days during the last part of August. Part of the first day was spent in a general review of the area, group visitation to the communities and schools; afternoon and a full day meeting at the school where they would be teaching for more orientation in special areas. The program proved valuable in setting the stage for the first day of actual teaching.

Resignation was received from Mrs. Anne Tilley, adjustment guidance counselor and Mrs. Jeanne Schwartz, a graduate of Temple University with four years of experience as a social worker, was appointed to that position. Miss Therese Straney, music teacher in the Deerfield Public Schools is directing the instrumental program in the Union elementary schools, thereby releasing Mr. Stanley Kopec to devote more time to the Regional High school program.

Generally speaking the supply of teachers this past year in the elementary area was more than adequate, making it possible to fill more vacancies with experienced teachers.

In August 1970, we accepted with sincere regret the resignation of Dr. Kenneth H. Rice who has been the school physician for a number of years. We are very grateful for his many years of faithful service in times of emergency and in the routine physical examinations and clinics. In September 1970, Dr. Louis S. Boeh was appointed to this position.

WHATELY SALARY SCHEDULE
EFFECTIVE SEPTEMBER 1, 1970

Steps	Bachelor's Degree	Master's Degree	Master's Plus 30
Min.	6450	6850	7250
1	6725	7125	7525
2	7000	7400	7800
3	7275	7675	8075
4	7550	7950	8350
5	7825	8225	8625
6	8100	8500	8900
7	8375	8775	9175
8	8650	9050	9450
9	8925	9325	9725
10	9200	9600	10,000

11	9500	9900	10,300
	*9850	*10,250	*10,650

* Career Step; Increase of \$350.00

In recognition of service to the Town of Whately, after ten consecutive years, a teacher will be placed on the career step on the salary schedule.

FEDERAL PROGRAM

Title I Summer school (Operation Confidence) Devoted to programs in remedial reading language and mathematics, in addition to physical education. Teachers were: Mrs. Sophie Filipkowski, Mrs. Irene MacDonald, Miss Patricia Scott and Miss Janice MacDonald. Thirty students participated in the program for six weeks. Special field trips were made to Steamtown, USA., and Forest Park. The total amount of money allocated was \$3,315.00.

Title II Total amount of money allocated was \$82.21 which was used to purchase library books.

Title III Allocated the amount of \$310.00 which was used to purchase equipment for reading and other basic subjects. Approximately \$128.00 is reimbursed.

ADMINISTRATION OFFICE

Mr. John S. Kelleher was appointed administrative assistant as of January 1970.

Mrs. Sara Yeagley, general secretary in the office of the Superintendent of Schools resigned and Mrs. Barbara Boyden was appointed to that position.

CONCLUSION

A special thanks to the Parent Teacher Association for their volunteer aide program. I also thank the School Committee, parents, staff members and citizens of the Town for their support of our schools.

WARREN D. BENNETT

Superintendent of Schools

Report of Music Supervisor

It is with pleasure that I present this annual report of the vocal music program of the elementary schools of Conway, Sunderland and Whately.

During the past fall your music teacher has attended two workshops and a conference for music specialists. At both workshops emphasis was placed on newer methods of music education in public schools. The conference held after school dealt with the same specifics though not with the depth of the workshops because of the time element.

The workshop, held at the University of Massachusetts under the auspices of the Department of Education and the Massachusetts Music Educators' Association, had as its topic "Teaching Music Through the Conceptual Approach."

The morning session demonstrated twentieth century techniques in the creation and performance of original music.

The afternoon session explored creative movement when the Orff approach was demonstrated. The methods of Carl Orff, a German born in 1895, stresses repetition of melodic and rhythmic patterns by means of body movements and rhythm instruments, speech and improvisation with emphasis on singing.

The workshop held at the South Deerfield Elementary school for all teachers and supervisors of Union 38 urged that educators consider the behavioral

patterns of children, behavioral in the sense of change not necessarily of personality change.

A new curriculum guide soon to be published by the state is most informative. The working draft is entitled "Teaching Music Through The Conceptual Approach" and lists the following sections: guided discovery, reinforcing experiences into practice for musical skills by means of moving, singing, playing, reading, listening and creating.

With the subject matter of these various meetings in mind, I have attempted to sort out information and ideas and find the important usable points.

It would seem that the main or central thought deals with the fact, children learn more easily, more receptively through activity, through movement. This active response should be activated by members of the class themselves.

With these points in mind this music teacher is involved in evaluation, in analyzing methods for more effective teaching patterns keeping in mind the common goal of providing pupils more satisfying experiences in music.

Cooperation of administrators, teachers, townspeople and children is at its usual high level and I extend sincere thanks to all who are connected with the music program in our elementary schools.

Respectfully submitted,

ISABEL B. MONTAGUE

Report of Art Supervisor

Last year three of the six grades made a movie by coloring with magic markers on clear 16mm leader. This year all the sixth grades are preparing to make a three-minute movie using the same technique. Other special projects include embroidery, making stuffed animals, covering boxes with cloth, pottery, linoleum block printing, weaving, construction with wood and boxes, and making transparencies on plastic with magic markers for use in overhead projectors.

I hope that soon there can be two art teachers, just as there are now two music teachers. This would mean more time for art in the schools where it is now squeezed into half-hour periods, time for special projects and for special classes in art for children who wish to take them.

I thank all the teachers who helped me so much during the year.

Respectfully submitted,

INGRID P. APGAR

Report of School Nurse

To the Superintendent, Principal, School Committee,
and citizens of the Town of Whately:

I wish to submit my second annual report as school nurse for the period December 1969 to December 1970.

School health services supplement, but are no substitute for, the health care parents should provide for their children. Rather than relieving parents of their responsibilities, these services are designed to encourage parents to devote attention to child health, to acquaint them with health problems of which they are unaware, and to encourage them to utilize the services of their physicians, dentist, and community health agency.

In the spring, a German measles clinic was held. Kindergarten through grade three pupils were eligible for the vaccine at this time.

Weighing and measuring of all students is done yearly. Dr. Boeh, the newly appointed School Physician, has completed the required yearly physicals in grades one, three, and five. Diphtheria-Tetanus boosters were given to the fifth graders if needed and with parental permission.

Vision and hearing screening testing is conducted with all pupils. Failure notices are sent home and parental cooperation for follow examinations by specialists has been excellent.

Mantoux skin testing for tuberculosis was conducted in kindergarten and grade one. No positive reactors were found.

Tooth brushing kits were distributed and brushing techniques discussed with the third graders.

A menstrual education film and discussion was held with the fifth and sixth grade girls.

School personnel are to be commended for the efficient manner in which they handled school emergencies throughout the year.

Summary:

School enrollment	128
School visits	65
School conferences	35
Home conferences	21
Absences	955.5

In conclusion, I wish to express my gratitude to all personnel and parents for their co-operation.

LORRAINE STRIPPE, R.N.

PHYSICIAN'S REPORT

Children in the first, third and fifth grades at the East Whately and Center School had their physical examinations in October. In order to complete the required immunization schedule, Diphtheria, Tetanus Toxoid and in some cases Pertussis injections were administered to those requiring them. In December, a German Measles Vaccine Clinic was held in the East Whately School with a few pre school children attending.

In general, I found the children to be in good health. Referral notices were sent to parents of youngsters needing special attention.

I should like to thank Mrs. Lorraine Strippe, school nurse, for her cooperation and efficiency in assisting me throughout the year.

Respectfully submitted,

LOUIS S. BOEH, M. D.

LSB:wj

SCHOOL ADVISORY COMMITTEE

Report on Article #25 of the annual town meeting on February 22, 1969 by the Whately Regional Elementary Study School Committee.

From our study, we find no serious problems in the Whately school system K-6. Space is sufficient in the elementary grades for a good basic educational program. If more space were available, improved library facilities could be provided along with broader programs in the specialized fields.

We believe K-6 can and should remain in their present locations without additional bussing of young children. Problems should be solved in light of the needs of the region.

Basically we believe the educational program of our school system can be improved by regionalization in the future. We also believe a Regional agreement concerning organization, operations and control can be drafted suitable to the four towns in the present district and to their common advantage.

We have met several times with Deerfield and Sunderland study committees, Supt. Warren Bennett and Mr. Thomas White, Regional Director, Mass. Department of Education — representatives from Conway being absent at all meetings. Therefore, the idea of regionalizing Union 38 K-6 is impossible at the present time.

This committee deems it unnecessary to continue and asks permission from townspeople to be dissolved.

NEAL SANDERSON, Chairman
JANE H. GRYBKO
LYNDON L. SCOTT
WALTER A. HUTKOSKI, JR.
